On May 28th, the Skipton Family received some devastating news. As many of you know, Steve "Skip" Skipton Sr. was diagnosed with Lung Cancer. In the next upcoming days it was confirmed that Steve's cancer had spread to his Kidney and Pelvis. Steve has given so much of himself over the years to various communities volunteering in the fire department with Bellmawr Park Fire Department and working EMS for UMDNJ both in Camden City and Newark. Steve even volunteered to go to NY and spent countless days and weeks on site after 9/11 with the EMS task force. Steve is currently a Career Firefighter in Goose Creek South Carolina Fire Department and is out of work due to his illness. Steve is happily married to his wife Jen and they have four children including 8 year old twin girls.
